Hi Sarah,

I think advising Scagnelli of our delegation is a good idea (Karyllan will probably also come along). I agree with you that Tom DiMaggio should be present. Thanks.

Bill,

Should I let John Scagnelli know that you, Rob Law, Bill Potter and Stan Kaczmarek will be attending on behalf of the CPG, or will anyone else be there?

I note the absence of Tom Dimaggio from the list of attendees. I could mention to Mr. Scagnelli that the CPG has been coordinating with Mr. Dimaggio and we strongly suggest that he be present as well. If you have any objection to that, please let me know.

Thanks

Sarah

Sarah:

I have spoken with the Township of Lyndhurst, and the following people will attend tomorrow's meeting on behalf of the Township in addition to myself: Mayor Robert Gangeruso, Commissioner Richard DiLascio, and Township Engineer Brian Intindola of Neglia Engineering.

Do you know who will attend on behalf of the Cooperating Parties Group (CPG)? We have not received any communication from the CPG, including any response to the issues which we raised in our January 4, 2013 letter.

I look forward to meeting with everyone tomorrow.

John - Could you advise who will be present on behalf of Lyndhurst? I will do likewise for EPA (most likely it will be Ray Basso, Stephanie Vaughn, and either Pat Hick or me) and will ask the CPG to inform us of their plans.

Thanks.  
-Sarah

Sarah:

Further to our conversation yesterday, this will confirm a meeting to discuss the CPG's 90% Design Proposal for the RM 10.9 Removal Action on Tuesday, January 15, 2013 at 2:00 p.m. at our firm's Lyndhurst offices. I assume that EPA will arrange for the attendance of the CPG's representatives.

Please contact me if there is anything we need to discuss in advance of the meeting.

John,

I'm following up on my email to you on December 9, 2012, in which I suggested that EPA, the Cooperating Parties Group (CPG) and the Township of Lyndhurst meet in early January 2013. I expect your client has had an opportunity to review the CPG's 90 percent design report for the Passaic River RM 10.9 removal and may have questions or comments. Also, as you may know, on January 17, 2013, the Passaic River Community Advisory Group meeting is being held in Lyndhurst.

EPA and CPG representatives are available on January 14 and 15. Could you please check with your client and advise if either of those days will work for you? Of the two, we prefer January 15, for what its worth.

I look forward to hearing from you.

-Sarah
